

2.2.1.2. Устный тур

Student 1

You have **5** minutes to get ready.

Make a monologue on the following:

The evaluation of students' knowledge is undoubtedly a very important aspect in the process of education. Two of the most commonly used assessment methods are oral exams and written tests (or exams). Both have their pros and cons. What is your opinion on each type of exams?

Remember:

6. You are the **first** to speak.
7. You have **2 – 2,5 minutes** to speak.
8. Express your opinion, give reasons for and against each form of assessment.
9. Be convincing.
10. After you finish, your partner will ask you **2** questions. Give detailed answers.
11. Listen to your partner and ask him/her **2** questions which **have not** been covered by his/her monologue.

Student 2

You have **5** minutes to get ready.

Make a monologue on the following:

One of the biggest arguments in language education revolves around the background of the teacher: which is best, native speaker teachers or non-native speaker teachers? Each group of teachers has its own unique set of advantages and disadvantages in the traditional classroom. What is your opinion on each group of teachers?

Remember:

6. Listen to your partner and ask him/her **2** questions which **have not** been covered by his/her monologue.
7. Present your monologue.
8. You have **2 – 2,5 minutes** to speak.
9. Express your opinion, give reasons for and against each group of teachers.
10. Be convincing.
11. After you finish, your partner will ask you **2** questions. Give detailed answers.
