Пример: 0. A to be

Блок 2. ПОНИМАНИЕ ПИСЬМЕННОГО ТЕКСТА (ЧТЕНИЕ)

1. Прочитайте текст по истории и ответьте на вопросы. Не цитируйте текст, отвечайте своими словами. Отрезки предложений от 3 слов, заимствованных из текста без изменений, считаются цитатой.

THE LAST ANGLO-SAXON KINGS

By the 11th century, England was the most powerful state in the British and Irish Isles and was beginning to deserve comparison with the wealthier and more populous states on the Continent. A strong king of England could use the kingdom's resources effectively and use the powerful marcher earls (lords with special powers over the border lands) to good effect against the Welsh, Scots and Vikings. The reign of the next to last Saxon king began well. Edward the Confessor was a popular king and during his twenty-four years on the throne trade prospered as did other links with Europe. A pious monarch, Edward founded an abbey outside London at Westminster that was to develop into the seat of English government and ceremonial. His main failing as a king was his inability to produce an heir.

Having grown up in Normandy, Edward was wise enough to appreciate the administrative and military gifts that the well-organized Normans could offer his realm. Normans soon took positions of power in Church and State under Edward, as they did under his contemporary Malcolm III in Scotland. The Norman influence at Edward's court was however resented by the Saxon and

Danish factions amongst the English nobility. In the 1050s, resentment led to riots and insurrection as the Godwin Earls of Wessex contended for control over the childless king. For the last three years of his reign, Edward was effectively the puppet of Harold Godwinson, a vigorous soldier who destroyed Gruflydd's forces in Wales in 1063 and even deposed his own unpopular brother Tostig from the earldom of Northumbria. Upon Edward's death in 1066, Harold was his natural successor. He controlled the key earldoms of England and had proven experience in war and government. Unsurprisingly, the Witanagemot or ancient council of wise and senior men approved the accession of Godwinson as Harold II in January 1066.

1. What was Edward the Confessor famous for? (Дайте краткий ответ в 25-30 словах)
2. What were the reasons for taking the power over from Edward the Confessor? (Дайте краткий ответ в 25-30 словах)
3. Why was Harold welcomed to the throne by the nobility? (Дайте краткий ответ в 25-30 словах)
4. What is the universal recipe for success in politics? (Дайте развернутый ответ в 65-70 словах)

2. Прочитайте рецензии на книги и проанализируйте сходства и различия описываемых произведений в 65-70 словах. Не цитируйте текст, отвечайте своими словами. Отрезки предложений от 3 слов, заимствованных из текста без изменений, считаются цитатой.

A

Highlighting an era when obstacles to change seemed more insurmountable, *Things a Bright Girl Can Do* by Sally Nicholls is a richly textured novel examining the effect of the first world war on the campaign for women's suffrage and the hearts and minds of three young women. While showing how their passion for their cause is compromised by patriotism, poverty and loss, it casts light on underexplored territory, such as the practicalities of tax resistance (when the bailiff comes to stay) and the hardship suffered by injured soldiers' families.

Middle-class Evelyn, battling for an education as good as her brother's, as well as for the vote, survives a hunger strike in Holloway while still at school, but later is almost defeated by combining her studies with domestic pressures. May, the daughter of an uncompromising Quaker, and tough East Ender Nell fall in love but struggle to bridge the social chasm between them.

B

Tangleweed and Brine by Deirdre Sullivan is a compelling collection of fairytales retold in the rugged and earthy Angela Carter mode, with Karen Vaughan's illustrations making it a classy gift edition. These bright girls don't bother going to balls, and play a long game of challenging their archetypes. Their campaigns might be short and brutish, like Ash Pale's, or last for generations, even hopping between stories. We can imagine the girl who lands the Frog Prince being reborn to grow the witch's garden of entrapment in Red Riding Hood. Rather than wait to be rescued, the heroines make alliances with forces beyond the tower wall, or know when it's time to saddle up and conquer new frontiers. Perfect fireside reading for a snowy afternoon or to pass around during those potentially awkward extended and blended family gatherings.
