

SPEAKING

You have a foreign exchange student in your class this year. Your teacher suggested going on **an educational weekend trip** together, and you are choosing **a place in your region** of some **historical importance, natural beauty, cultural interest, or industrial significance** that you could go to and learn something interesting and useful.

Send a voice message in your class group chat (**4-5 minutes**) and share your ideas:

- name a place in your region that you think is worth visiting;
- tell your classmates what you already know about the place (mention at least 2–3 interesting facts);
- offer some activities / things to do along the way and / or at the destination;
- explain how you are going to benefit from the trip to this particular place – what school subject(s) or projects it will be useful for and why (2 reasons);
- describe how you should prepare for the trip (watch some travel videos, read reviews, book in advance, etc.);
- invite your classmates to express their opinion or put forward their ideas of places to visit.

Remember to

- use the appropriate style
- present your ideas in a logical and coherent way
- speak, not read

You now have **3 minutes to prepare your voice message**.
